About This Game

Shadow Fencer Theatre is the competitive awkward physics sword fighting game set in the world of shadow puppets.

Take center stage with a unique cast of characters and make your way to become a Grandmaster of the theatre. Perform solo or battle a friend in a veritable variety show of game modes and skits. Whether you are a one-puppet show or sharing the stage, above all else, show the world you are the best performer on the shadowy screen.

Acting 101: Be sure to point the pointy end away from you and towards your opponent. When all else fails, just do a cheeky sword throw.
